Index to Volume VIII

Page numbers preceded by '(P)' refer to the summaries of papers at the Meetings of the British Society of Gastroenterology and Gastroenterological Society of Australia.

Abdominal pain, 'non-organic', physical and psychological evaluation of, 221
ABO blood groups and secretor status in stomal ulcer, 128
Achlorhydria, non-Addisonian, reversal by Roux-en-Y loop, 612
Adrenalectomy, bilateral, acid and pepsin responses to gastrin in Heidenhain pouch dogs after, 588
Africa, tropical, exocrine pancreatic disease and malabsorption syndrome in, 388
ALAPPATT, J. L., and ANANTHACHARI, M. D.: A preliminary study of the structure and function of enlarged parotid glands in chronic relapsing pancreatitis by sialography and biopsy methods, 42
Alcohol, acute liver disease due to, bromosulphthalein metabolism in (P), 524
— feeding, effect on serum and liver zinc and manganese levels in rats, 454
Alcoholism, evidence of vitamin E deficiency in, and effects of therapy, 539
ALDOR, T. M. *See* GRANT, A. K., ALDOR, T. M., CURTIN, E., and NOLAN, W. K.
Alimentary disease, ascorbic acid depletion in (P), 636
Alkaline phosphatase, variations in molecular size, thermostability and urea sensitivity of (P), 637
Amputation neuroma of cystic duct stump (P), 198
Amylase, isoenzymes of, urinary, in diagnosis of chronic pancreatitis, 402
Anaemia after Polya gastrectomy, 158, 162
— in ulcerative colitis, incidence and cause of, 107
Anal canal, force and pressure measurements in, and continence, 354
Analgesic drugs, new, action on common bile duct, 296
ANANTHACHARI, M. D. *See* ALAPPATT, J. L., and ANANTHACHARI, M. D.
ANDERSON, C. M., and BURKE, V.: Experience with medium chain triglyceride diets in malabsorptive states in childhood (P), 523
—. *See also* HADORN, B., MESSER, M., and ANDERSON, C. M.
Aneurysm of hepatic artery with hereditary haemorrhagic telangiectasia and peptic ulcer, 377
ANSCOMBE, A. R., KEDDIE, N. C., and SCHOFIELD, P. F.: Caecal tuberculosis, 337
Antacids, properties of, estimation of, 73
Antrum, activity of, and symptom periodicity in duodenal ulcer, 318
— in duodenal and gastric ulcer, 497
Appendicitis, epidemiology of, 533
Arteries, cystic patterns of, in diseased gall bladders, 565
ARULLANI, P. *See* TORSOLI, A., ARULLANI, P., and CASALE, C.
Ascorbic acid depletion in alimentary disease (P), 636
ASHLEY, D. J. B.: Observations on the epidemiology of appendicitis, 533
Aspirin ingestion and gastro-duodenal haemorrhage, 301
— —, association with perforated peptic ulcer (P), 524
Autonomic nervous system in control of gastrointestinal motility in cat, 230
AW, S. E., HOBBS, J. R., and WOOTTON, I. D. P.: Urinary isoamylases in the diagnosis of chronic pancreatitis, 402
Azathioprine (Imuran) in treatment of chronic hepatitis (P), 200

BADER, J. P. *See* BONFILS, S., BADER, J. P., DUBRASQUET, M., and VATIER, J.
BANK, S., MARKS, I. N., and LOUW, J. H.: Histamine- and insulin-stimulated gastric acid after selective and truncal vagotomy, 36
BANK, S. *See also* MARKS, I. N., BANK, S., LOUW, J. H., and FARMAN, J.
BANWELL, J. G., HUTT, M. R. S., LEONARD, P. J., BLACKMAN, V., CONNOR, D. W., MARSDEN, P. D., and CAMPBELL, J.: Exocrine pancreatic disease and the malabsorption syndrome in tropical Africa, 388
—, NORTHAM, B. E., and COOKE, W. T.: Secretory response of the human pancreas to continuous intravenous infusion of pancreozymin-cholecystokinin (Cecekin), 380
—, —, —: Secretory response of the human pancreas to continuous intravenous infusion of secretin, 50
BARAK, A. J., BECKENHAUER, H. C., and KERRIGAN, F. J.: Zinc and manganese levels in serum and liver after alcohol feeding and development of fatty cirrhosis in rats, 454
Barium progress meals, value of metoclopramide in (P), 635
BARNES, A. D., TOYE, D. K. M., and WILLIAMS, J. A.: A radiological 'safety check' for tubeless vagotomy (P), 632
BAUME, P. E.: Mode of action of gastrone inhibitor of gastric acid secretion (P), 199
—. *See also* FENTON, B. H., BAUME, P. E., BUILDER, J. E., IRVING, L. G., and PIPER, D.
BECKENHAUER, H. C. *See* BARAK, A. J., BECKENHAUER, H. C., and KERRIGAN, F. J.
BELL, S. *See* DAVIS, A. E., PIROLA, R. C., and BELL, S.
BENNETT, A., MISIEWICZ, J. J., and WALLER, S. L.: Analysis of the motor effects of gastrin and pentagastrin on the human alimentary tract *in vitro*, 470
BERCI, G., and KONT, L. A.: The gastroscope and the fibrescope: an objective appraisal of performance (P), 198
Betamethasone-17-valerate (Betnovate), oral, in treatment of idiopathic steatorrhoea, 458
BHARDWAJ, O. P. *See* CHUTTANI, H. K., SABHARWAL, D. V., BHARDWAJ, O. P., and GOYAL, R. K.
BIGGS, J. C. *See* HENNESSY, W. B., BIGGS, J. C., and GARVAN, J. M.
Bile acid transport by rat intestine (P), 201
— duct, common, action of new analgesic drugs on, 296
— salts and fat absorption, 1
— —, postprandial patterns in small intestine (P), 628
Biliary tree involvement in primary sclerosing cholangitis with ulcerative colitis, 435
Bilirubin in serum, studies in intermittent intrahepatic cholestasis, 46
BILLSON, F. A., DE DOMBAL, F. T., WATKINSON, G., and GOLIGHER, J. C.: Ocular complications of ulcerative colitis, 102
BINDER, H. J., SOLITARE, G. B., and SPIRO, H. M.: Neuromuscular disease in patients with steatorrhoea, 605
BINDER, V., and HVIDBERG, E.: Histamine content of rectal mucosa in ulcerative colitis, 24
Biopsy, high colonic, application of retrograde colonic intubation to, 77
—, rectal, for cancer control in ulcerative colitis, 423
— study of enlarged parotid glands in chronic relapsing pancreatitis, 42
BLACKBURN, C. R. B. *See* MA, M. H., and BLACKBURN, C. R. B.
BLACKMAN, V. *See* BANWELL, J. G., HUTT, M. R. S., LEONARD, P. J., BLACKMAN, V., CONNOR, D. W., MARSDEN, P. D., and CAMPBELL, J.
BLENDIS, L. M., CAMERON, A. J., and HADLEY, G. D.: Analysis of 400 examinations using the gastrocamera, 83
—. *See also* HILL, O. W., and BLENDIS, L. M.
Blood flow, effect of splanchnic nerve stimulation (P), 635
— —, mucosal, in small intestine, limitations in use of inert gases for measurement of, 509
— groups, ABO, and secretor status in stomal ulcer, 128
— measurements, relationship between, in acute gastrointestinal bleeding (P), 634
— transfusion, risk of anicteric hepatitis after, 614
BOLIN, T., and DAVIS, A. E.: Iron absorption in infectious hepatitis (P), 524
BONFILS, S., BADER, J. P., DUBRASQUET, M., and VATIER, J.: Diagnostic interest of data concerning gastric acid secretion, acid pepsin correlation (K_{35}), and gastrosecretagogue power of the urine (P.S.U.) in 14 cases of the Zollinger-Ellison syndrome (P), 631
BOOTH, C. C. *See* DOUGLAS, A. P., and BOOTH, C. C.
—. *See* HEPNER, G. W., COWAN, J., HOFFBRAND, A. V., BOOTH, C. C., and MOLLIN, D. L.
BOTHWELL, T. H. *See* KAVIN, H., CHARLTON, R. W., JACOBS, P., GREEN, R., TORRANCE, J. D., and BOTHWELL, T. H.
BOUCHIER, I. A. D.: Pancreatic scanning, 421
Bowel sounds, recording and analysis by phonoenterography, 88
BRAIN, M. C. *See* NEALE, G., CANELLOS, G. P., PATTERSON, M. J. L., EVANS, D. J., and BRAIN, M. C.
BREEN, J. J. *See* RITCHIE, W. P., JR., BREEN, J. J., GRIGG, D. I., and WANGENSTEEN, O. H.
British Society of Gastroenterology: 28th Annual Meeting, 628
BRODERSEN, R., and TYGSTRUP, N.: Serum bilirubin studies in patients with intermittent intrahepatic cholestasis, 46
Bromosulphthalein excretion patterns in pruritus of pregnancy (P), 525
— metabolism in acute alcoholic liver disease (P), 524
BROOKE, B. N. *See* ROSSWICK, R. P., STEDEFORD, R. D., and BROOKE, B. N.
BROWN, J. C., and MAGEE, D. F.: Inhibitory action of cholecystokinin on acid secretion from Heidenhain pouches induced by endogenous gastrin, 29
BRUCE, Sir J. *See* JALAN, K. N., SIRCUS, W., CARD, W. I., BRUCE, Sir J., FALCONER, C. W. A., SMALL, W. P., SMITH, A. N., and MCMANUS, J. P. A.
BRUDNO, S. *See* LEVITAN, R., and BRUDNO, S.

BUCHANAN, K. D., MCKIDDIE, M. T., LINDSAY, A. C., and MANDERSON, W. G.: Carbohydrate metabolism in duodenal ulcer patients, 325
BUCKLER, K. G.: Effects of gastric surgery upon gastric emptying in cases of peptic ulceration, 137
BUCKNELL, A., and CLARK, C.: An experimental method for recording the behaviour of human isolated colonic segments, 569
BUDD, M. A. *See* THOMPSON, G. R., OCKNER, R. K., BUDD, M. A., and ISSELBACHER, K. J.
BUILDER, J. E. *See* FENTON, B. H., BAUME, P. E., BUILDER, J. E., IRVING, L. G., and PIPER, D.
BURKE, V. *See* ANDERSON, C. M., and BURKE, V.
BURNETT, W. *See* HUGHES, L. E., and BURNETT, W.
BUTLER, T. J. *See* CAPPER, W. M., BUTLER, T. J., and KILBY, J. O.

Caecum, tuberculosis of, 337
Calcium absorption after total gastrectomy for gastric cancer, 260
—, intravenous administration, effect on gastric secretion of acid and pepsin, 592
CAMERON, A. J. *See* BLENDIS, L. M., CAMERON, A. J., and HADLEY, G. D.
CAMPBELL, J. *See* BANWELL, J. G., HUTT, M. R. S., LEONARD, P. J., BLACKMAN, V., CONNOR, D. W., MARSDEN, P. D., and CAMPBELL, J.
CANELLOS, G. P. *See* NEALE, G., CANELLOS, G. P., PATTERSON, M. J. L., EVANS, D. J., and BRAIN, M. C.
CAPPER, W. M., BUTLER, T. J., and KILBY, J. O.: Reversal of non-Addisonian achlorhydria by a Roux-en-Y loop, 612
Carbenoxolone sodium, gastric ulcers treated with, morphological observations on, 544
— —, side effects of, in ambulant therapy of gastric ulcer, 148
Carbohydrate metabolism in duodenal ulcer, 325
Carcinoma at junction of main hepatic ducts (P), 637
—, gastric, total gastrectomy for, pancreatic function and fat iron, vitamin B_{12} and calcium absorption after, 260
—, gastrointestinal, epidemiology of, 315
—, —, gastrointestinal, in India, geographical distribution and causation, 361
— in ulcerative colitis, rectal biopsy for control of, 423
— of colon and Crohn's disease (P), 634
— of liver, cytoplasmic virus-like inclusions in (P), 198
— — —, primary, in haemochromatosis (P), 525
CARD, W. I. *See* JALAN, K. N., SIRCUS, W., CARD, W. I., BRUCE, Sir J., FALCONER, C. W. A., SMALL, W. P., SMITH, A. N., and MCMANUS, J. P. A.
Cardiospasm, transition from symptomatic diffuse spasm to, 115
CASALE, C. *See* TORSOLI, A., ARULLANI, P., and CASALE, C.
CATCHPOLE, B. N. *See* NEELY, J., and CATCHPOLE, B. N.
CAVALLERO, C., SOLCIA, E., and SAMPIETRO, R.: Cytology of islet tumours and hyperplasias associated with the Zollinger-Ellison syndrome, 172
Cecekin. *See* Pancreozymin-cholecystokinin
CELESTIN, L. R.: Antral activity and symptom periodicity in duodenal ulceration, 318
CHARLTON, R. W. *See* KAVIN, H., CHARLTON, R. W., JACOBS, P., GREEN, R., TORRANCE, J. D., and BOTHWELL, T. H.
Chelation, role in gastrointestinal absorption of iron (P), 200
Cholangitis, primary sclerosing, with ulcerative colitis, and biliary tree involvement, 435
Cholecystitis, arterial patterns in diseased gall bladders with, 565
Cholecystokinin, inhibition of acid secretion from Heidenhain pouches induced by endogenous gastrin, 29
Cholestasis, intrahepatic, chronic, treatment with phenobarbitone (P), 638
—, —, intermittent, serum bilirubin studies in, 46
Choline deficiency, effect on serum and liver zinc and manganese levels in rats, 454
CHONG, L. L. *See* FENNELLY, J., DUNNE, J., MCGEENEY, K., CHONG, L. L., and FITZGERALD, M.
Chromic chloride in diagnosis of protein-losing enteropathy, 166; (P), 201
CHUTTANI, H. K., SABHARWAL, D. V., BHARDWAJ, O. P., and GOYAL, R. K.: Hookworm disease and duodenal ulceration, 69
Cirrhosis of liver, and zinc and manganese levels in rats after alcohol feeding and choline deprivation, 454
CLARK, C. *See* BUCKNELL, A., and CLARK, C.
Clostridium welchii, role in diarrhoeal diseases (P), 201
COBURN, W. M. *See* BRUNT, P. W., MARGULIES, S. I., COBURN, W. M., DONNER, M. W., and HENDRIX, T. R.
COCKEL, R. *See* HOWARTH, F. H., COCKEL, R., and HAWKINS, C. F.
Coeliac disease, adult, treatment of (P), 523
— —, aetiology of, and peptidase deficiency (P), 629
— syndrome, malignant (P), 629
Colitis, ulcerative, absorption and secretion of water, sodium, and potassium by colon in (P), 633
—, —, anaemia in, incidence and cause, 107
—, —, associated with ulcerative oesophagitis, 344
—, —, cancer control by rectal biopsy in, 423
—, —, diagnostic value of serum proteins in severe attacks (P), 634
—, —, histamine content of rectal mucosa in, 24
—, —, histochemistry of colonic epithelial mucins in, 491
—, —, idiopathic, mild, permeability of rectosigmoid mucosa to tritiated water in, 15
—, —, lymphocytes in, effect of *E. coli* antigens, tuberculin, and phytohaemagglutinin, 249
—, —, ocular complications of, 102
—, —, rectal excision in, advisability of (P), 522
—, —, rectal reaction to autologous leucocytes and plasma in, 20
—, —, serum proteins in, electrophoretic patterns in inferior mesenteric artery and vein, 482
—, —, with primary sclerosing cholangitis, and biliary tree involvement, 435
COLLINS, C. D., DUTHIE, H. L., SHELLEY, T., and WHITTAKER, G. E.: Force in the anal canal and anal continence, 354
Colon, absorption and secretion of water, sodium, and potassium by, in ulcerative colitis (P), 633
— and rectum, resection of, colo-rectal anastomosis with suturing apparatus in, 189
—, carcinoma of, and Crohn's disease (P), 634
—, Crohn's disease of, and diverticulitis (P), 522
—, diverticular disease of, natural history of (P), 634
—, epithelial mucins in, histochemistry in health and in ulcerative colitis, 491
—, inflammatory disease of, initially sparing rectum, 281
—, motility in isolated segments, experimental recording of, 569
—, —, recording of, 528
—, muscle abnormality in diverticulosis (P), 199
—, peristalsis in (P), 633
—, retrograde intubation of, technique and application to high colonic biopsy, 77
—, toxic dilatation of, 55 cases of (P), 633
—, transintestinal intubation in study of, 192
Computer in clinical medicine (P), 200

Contents

No. 1 FEBRUARY 1967 — Page

Bile salts and fat absorption A. M. DAWSON ... 1
Miliary Crohn's disease K. W. HEATON, C. F. MCCARTHY, R. E. HORTON, J. S. CORNES, and A. E. READ ... 4
Eosinophilic granuloma of the gastro-intestinal tract P. R. SALMON and J. W. PAULLEY ... 8
Permeability of the rectosigmoid mucosa to tritiated water in normal subjects and in patients with mild idiopathic ulcerative colitis RUVEN LEVITAN and SIMCHA BRUDNO ... 15
Rectal reaction to injected ulcerative colitis leucocytes and plasma SIDNEY FINK, WILLIAM J. DONNELLY, and VICTOR R. JABLOKOW ... 20
Histamine content of rectal mucosa in ulcerative colitis VIBEKE BINDER and EIGILL HVIDBERG ... 24
Inhibitory action of cholecystokinin on acid secretion from Heidenhain pouches induced by endogenous gastrin JOHN C. BROWN and D. F. MAGEE ... 29
Effect of decreased levels of endogenous gastric tissue histamine on acid secretion and stress ulcer formation in the rat WALLACE P. RITCHIE, JR., JOHN J. BREEN, DAVID I. GRIGG, and OWEN H. WANGENSTEEN ... 32
Histamine- and insulin-stimulated gastric acid secretion after selective and truncal vagotomy S. BANK, I. N. MARKS, and J. H. LOUW ... 36
A preliminary study of the structure and function of enlarged parotid glands in chronic relapsing pancreatitis by sialography and biopsy methods JOSE L. ALAPPATT and M. D. ANANTHACHARI ... 42
Serum bilirubin studies in patients with intermittent intrahepatic cholestasis R. BRODERSEN and N. TYGSTRUP ... 46
Secretory response of the human pancreas to continuous intravenous infusion of secretin J. G. BANWELL, B. E. NORTHAM, and W. T. COOKE ... 50
Incidence of perforated duodenal and gastric ulcer in Oxford ROGER SANDERS ... 58
Mastocytosis (urticaria pigmentosa) of skin, stomach, and gut with malabsorption STIG JARNUM and HUGH ZACHARIAE ... 64
Hookworm disease and duodenal ulceration H. K. CHUTTANI, D. V. SABHARWAL, O. P. BHARDWAJ, and R. K. GOYAL 69
A general method for estimating the properties of antacids M. H. PRITCHARD ... 73
Technique of retrograde colonic intubation and its initial application to high colonic biopsy J. A. FOX and L. KREEL ... 77
Analysis of 400 examinations using the gastrocamera LAURENCE M. BLENDIS, ALAN J. CAMERON, and GEORGE D. HADLEY ... 83
Phonoenterography: the recording and analysis of bowel sounds W. C. WATSON and ELIZABETH C. KNOX ... 88

No. 2 APRIL 1967

Hepatic biochemistry KEITH S. HENLEY ... 95
Psychogenic vomiting and hypokalaemia OSCAR W. HILL ... 98
Ocular complications of ulcerative colitis F. A. BILLSON, F. T. DE DOMBAL, G. WATKINSON, and J. C. GOLIGHER ... 102
Observations on the incidence and cause of anaemia in ulcerative colitis T. P. ORMEROD ... 107
Transition from symptomatic diffuse spasm to cardiospasm PHILIP KRAMER, LAURAN D. HARRIS, and ROBERT M. DONALDSON, JR. ... 115
Oesophageal sensitivity to Mecholyl in symptomatic diffuse spasm PHILIP KRAMER, BERTRAM FLESHLER, EDMUND MCNALLY, and LAURAN D. HARRIS ... 120
ABO blood group and secretor status in stomal ulcer M. J. S. LANGMAN, R. DOLL, and R. SARACCI ... 128
Pre- and post-operative symptoms of patients with stomal ulcers J. HOWEL JONES and M. J. S. LANGMAN ... 133
Effects of gastric surgery upon gastric emptying in cases of peptic ulceration K. G. BUCKLER ... 137
Side effects of carbenoxolone sodium: a study of ambulant therapy of gastric ulcer R. D. MONTGOMERY ... 148
An evaluation and comparison of the early and late results of standardized Polya gastrectomy DONALD KEMP ... 151
Use of $^{51}CrCl_3$ in the diagnosis of protein-losing enteropathy J. A. WALKER-SMITH, A. P. SKYRING, and S. P. MISTILIS ... 166
Recovery, reproducibility, and usefulness of polyethylene glycol, iodine-labelled rose bengal, sulphobromophthalein, and indocyanine green as non-absorbable markers WILLIS C. MADDREY, HAROLD A. SEREBRO, HELEN MARCUS, and FRANK L. IBER ... 169
Cytology of islet tumours and hyperplasias associated with the Zollinger-Ellison syndrome C. CAVALLERO, E. SOLCIA, and R. SAMPIETRO ... 172
Rectal stricture due to ischaemia following ruptured ectopic gestation J. F. CURR ... 178
Epidemiological study of peptic ulcer in the south of India and the ulcer change S. L. MALHOTRA ... 180
Colo-rectal anastomosis with a suturing apparatus in resection of the rectum and colon A. N. RYGICK, G. M. JUCHVIDOVA, V. L. RIVKIN, CH. F. GUREEVA, and JU. M. MILITAREV ... 189
An application of transintestinal intubation to the study of the colon A. TORSOLI, P. ARULLANI, and C. CASALE ... 192

Methods and techniques
New methods of studying intestinal transit times R. P. ROSSWICK, R. D. STEDEFORD, and BRYAN N. BROOKE 195
An improved technique of perfusion of the stomach for the study of gastric secretion in the rat G. A. PISSIDIS and C. G. CLARK 196
Gastroenterological Society of Australia 198

No. 3 JUNE 1967

Mesenteric arterial disease: the present position ADRIAN MARSTON 203
An arteriographic study of mesenteric arterial disease A. P. DICK, R. GRAFF, D. MCC. GREGG, N. PETERS, and M. SARNER I *Large vessel changes* 206
Physical and psychological evaluation of 'non-organic' abdominal pain OSCAR W. HILL and LAURENCE BLENDIS 221
An analysis of the autonomic control of gastrointestinal motility in the cat JULIAN NEELY and B. N. CATCHPOLE 230
Comparison of the effects of a gastrin extract and a synthetic pentapeptide on gastrointestinal motility in the cat JULIAN NEELY 242
Effect of *E. coli* antigens, tuberculin, and phytohaemagglutinin upon ulcerative colitis lymphocytes S. STEFANI and S. FINK 249
Peptic ulceration and gastrointestinal bleeding in pancreatitis I. N. MARKS, S. BANK, J. H. LOUW, and JACK FARMAN 253
Pancreatic function and the absorption of fat, iron, vitamin B_{12}, and calcium after total gastrectomy for gastric cancer K. FISCHERMANN, S. HARLY, H. WORNING, and A. ZACHO 260
Difference in responses between dogs and cats to large doses of gastrin on gastric secretion SVERRE EMÅS and MORTON I. GROSSMAN 267
Effect of l-hyoscyamine on gastric secretion of acid and intrinsic factor in man G. DOTEVALL, A. WALAN, and A. WEINFELD 276
Clinical course, late results, and pathological nature of inflammatory disease of the colon initially sparing the rectum BURTON I. KORELITZ 281
Splenomegaly and renal displacement COLIN E. MACKINTOSH and LOUIS KREEL 291
Action of various new analgesic drugs on the human common bile duct D. S. HOPTON and H. B. TORRANCE 296
Relationship between aspirin taking and gastroduodenal haemorrhage D. J. PARRY and PHILIP H. N. WOOD 301
Myenteric plexus in Hirschsprung's disease BARBARA SMITH 308
Congenital duodenal stenosis in a patient aged 78 years P. DORKEN and D. W. EVANS 313

No. 4 AUGUST 1967

The epidemiology of gastrointestinal cancer M. J. S. LANGMAN 315
Antral activity and symptom periodicity in duodenal ulceration L. R. CELESTIN 318
Carbohydrate metabolism in duodenal ulcer patients K. D. BUCHANAN, M. T. MCKIDDIE, A. C. LINDSAY, and W. G. MANDERSON 325
Prognosis after resection of chronic regional ileitis J. E. LENNARD-JONES and GEORGE A. STALDER 332
Caecal tuberculosis A. R. ANSCOMBE, N. C. KEDDIE, and P. F. SCHOFIELD 337
Ulcerative oesophagitis in association with ulcerative colitis CLIVE ROSENDORFF and N. W. T. GRIEVE 344
Modification in the xylose absorption test as an index of intestinal function H. G. SAMMONS, D. B. MORGAN, A. C. FRAZER, R. D. MONTGOMERY, W. M. PHILIP, and M. J. PHILLIPS 348
Force in the anal canal and anal continence C. D. COLLINS, H. L. DUTHIE, T. SHELLEY, and G. E. WHITTAKER 354
Geographical distribution of gastrointestinal cancers in India with special reference to causation S. L. MALHOTRA 361
Diarrhoea due to sucrase and isomaltase deficiency I. J. PINK 373
Hepatic artery aneurysm, hereditary haemorrhagic-telangiectasia, and peptic ulceration JOHN R. CONDON, NORMAN C. TANNER, and D. M. COWPER 377
Secretory response of the human pancreas to continuous intravenous infusion of pancreozymin-cholecystokinin (Cecekin) J. G. BANWELL, B. E. NORTHAM, and W. T. COOKE 380
Exocrine pancreatic disease and the malabsorption syndrome in tropical Africa J. G. BANWELL, M. R. S. HUTT, P. J. LEONARD, V. BLACKMAN, D. W. CONNOR, P. D. MARSDEN, and J. CAMPBELL 388
Urinary isoamylases in the diagnosis of chronic pancreatitis S. E. AW, J. R. HOBBS, and I. D. P. WOOTTON 402
Measurement of tryptic activity in intestinal juice as a diagnostic test of pancreatic disease H. BRAMWELL COOK, J. E. LENNARD-JONES, S. M. SHERIF, and H. S. WIGGINS 408

Methods and techniques
Simple method for estimating trypssin. H. WIGGINS 415

No. 5 OCTOBER 1967

Obituary: Henry A. Magnus F. AVERY JONES ... 417
Hepatic scintillography E. A. JONES ... 418
Pancreatic scanning IAN A. D. BOUCHIER ... 421
Rectal biopsy as an aid to cancer control in ulcerative colitis B. C. MORSON and LILLIAN S. C. PANG ... 423
Primary sclerosing cholangitis, the biliary tree, and ulcerative colitis M. E. C. THORPE, P. J. SCHEUER, and SHEILA SHERLOCK ... 435
Studies on the familial incidence and clinical history of patients with chronic unconjugated hyperbilirubinaemia PAUL M. SMITH, J. E. MIDDLETON, and ROGER WILLIAMS ... 449
Zinc and manganese levels in serum and liver after alcohol feeding and development of fatty cirrhosis in rats ANTHONY J. BARAK, HARRIET C. BECKENHAUER, and FELIX J. KERRIGAN ... 454
Observations on oral betamethasone-17-valerate in the treatment of idiopathic steatorrhoea: A. T. OTAKI, J. R. DALY, and A. MORTON-GILL ... 458
Motor responses of the human alimentary tract to near-maximum infusions of pentagastrin J. J. MISIEWICZ, D. J. HOLDSTOCK, and SHEILA L. WALLER ... 463
Analysis of the motor effects of gastrin and pentagastrin on the human alimentary tract *in vitro* A. BENNETT, J. J. MISIEWICZ, and SHEILA L. WALLER ... 470
Gastric response to subcutaneous injection of a gastrin-like pentapeptide K. G. WORMSLEY, M. P. MAHONEY, and G. KAY ... 475
Serum proteins in ulcerative colitis: electrophoretic patterns in the inferior mesenteric artery and vein F. T. DE DOMBAL ... 482
Changes in the motility of the small intestine in digestive disorders F. PIRK ... 486
Histochemistry of the colonic epithelial mucins in normal subjects and in patients with ulcerative colitis V. GRECO, G. LAURO, A. FABBRINI, and A. TORSOLI ... 491
The antrum in patients with duodenal and gastric ulcers J. SCHRAGER, R. SPINK, and S. MITRA ... 497
Limitation of the use of inert gases in the measurement of small gut mucosal blood flow J. D. HAMILTON, A. M. DAWSON, and JOAN WEBB ... 509
Gastroenterological Society of Australia ... 522

No. 6 DECEMBER 1966

Recording of intestinal motility: routine or research? A. M. CONNELL ... 527
Population control in the small bowel SHERWOOD L. GORBACH ... 530
Observations on the epidemiology of appendicitis DAVID J. B. ASHLEY ... 533
Evidence of vitamin E deficiency in patients with malabsorption or alcoholism and the effects of therapy M. S. LOSOWSKY and P. J. LEONARD ... 539
Morphological observations on gastric ulcers treated with carbenoxolone sodium T. E. W. GOODIER, L. HORWICH, and R. W. GALLOWAY ... 544
A study of the effect of saliva on the concentration of mucin in gastric juice and its possible relationship to the aetiology of peptic ulcer S. L. MALHOTRA ... 548
Effect of the exocrine pancreatic secretions on iron absorption H. KAVIN, R. W. CHARLTON, P. JACOBS, R. GREEN, J. D. TORRANCE, and T. H. BOTHWELL ... 556
Cystic arterial patterns in diseased human gall bladders K. C. D. GORDON ... 565
An experimental method for recording the behaviour of human isolated colonic segments ANNE BUCKNELL and C. CLARK ... 569
Influence of gastric *p*H on gastric and jejunal flora J. D. ALLAN GRAY and M. SHINER ... 574
Gastric haematological, and immunological abnormalities in Hashimoto's thyroiditis K. F. R. SCHILLER, L. MICHAEL SNYDER, and M. B. VALLOTTON ... 582
Acid and pepsin responses to gastrin in Heidenhain pouch dogs following bilateral adrenalectomy ALLAN R. COOKE ... 588
Effect of intravenous calcium administration on gastric secretion of acid and pepsin in man R. A. SMALLWOOD ... 592
Validity of polyethyleneglycol in the study of the total pancreatic secretion in man after stimulation by secretin, pancreozymin, or food H. WORNING ... 599
Neuromuscular disease in patients with steatorrhoea H. J. BINDER, G. B. SOLITAIRE, and H. M. SPIRO ... 605
Reversal of non-Addisonian achlorhydria by a Roux-en-Y loop W. M. CAPPER, T. J. BUTLER, and J. O. KILBY ... 612
Risk of anicteric hepatitis following blood transfusion B. N. SOMAYAJI, W. D. STONE, and P. B. GLOVER ... 614
Surface area of the small intestine in man J. P. WILSON ... 618
Absorption of lactose and its digestion products in the normal and malnourished Ugandan G. C. COOK, ANNE LAKIN, and R. G. WHITEHEAD ... 622
The British Society of Gastroenterology ... 628
